PANEL HOOK ON CEILING SYSTEM / PH2-Series

Blue Metal®

PANEL HOOK ON CEILING SYSTEM/PH2-Series

The Blue Metal Panel Hook On Ceiling System is a closed space design. This robust, durable system ensures a consistently level ceiling. It is easy to install in challenging commercial spaces. With the windproof clip installed, it also can be used in any outdoor venues. And mechanical systems can be integrated in above or below the ceiling.

KEY FEATURES

- ▶ Smooth, sleek, and crisp finish
- ▶ Upward accessible to the plenum
- ▶ Strong, sturdy suspension system
- ▶ Available for exterior applications
- ▶ Quick installation & Easy maintenance
- ▶ Smooth integration with mechanical systems
- ▶ Good sound absorption
- ▶ Acoustic infill option for enhanced acoustical performance

APPLICABLE AREAS

- ▶ Conference Room
- ▶ Hospital & School
- ▶ Lobby
- ▶ Office
- ▶ Open Area & Corridor
- ▶ Retail Store & Supermarket
